ROOSEVELT RECEIVES COTTON COMMITTEE

Commission Wants To Extend Trade Into The Orient.

PRESIDENT PROMISES TO HELP

Senator McLaurin, of South Carolina, Made Strong Plea for Congressional Aid in the Movement—Happenings in House and Senate.

Washington, Feb. 21.—President Roosevelt today received the commission representing the Interstate Southern Cotton convention at New Orleans to urge the creation of a commission to extend the foreign markets for cotton products. The delegation consisted of about a dozen members, headed by former Senator McLaurin, of South Carolina. The committee urged immediate steps looking to congressional action for this purpose in behalf of the cotton interests. The president discussed the question with the delegation and stated that he would take it up with the men who represent the cotton belt in congress. He assured the committee that he would do all he could to facilitate the movement.

The committee later conferred with Secretary of Agriculture Wilson.

In the House.

A resolution providing for early consideration of bills allowing homestead entries of 640 acres each in eastern Colorado and South Dakota was the first business in the house today. It was called up under suspension of the rules and was opposed by Mr. Maddox (Ga.) who forced a count of the house on a point of no quorum, and also a debate on the adoption of the resolution.

After a prolonged discussion the rules were suspended and the resolution was passed.

Consideration of the naval appropriation bill was then resumed.

In the Senate.

The first part of the session of the senate today was devoted to routine business. A number of bills were passed.

Among them was one authorizing the award of the bronze medals of honor to persons displaying conspicuous bravery in saving lives in railroad wrecks which measure had passed the house.

The senate committee on foreign relations today discussed but reached no decision on the Santo Domingo treaty. It will come up again at a meeting to be held Wednesday.

The president today sent to the senate the following nominations:

Postmasters: Louisiana—D. S. Edwards, Opelousas; Lavinia Insley, Delhi.

Oklahoma—Busterton C. Barnes, Ponca.

Also promotions in the army.

ST. LOUIS BOODLER ON TRIAL.

Accused of Acepting Bribes from the Street Railway Company.

Butler, Mo., Feb. 21.—After a delay of nearly three years, the trial of Charles Kratz, of St. Louis, a former member of the municipal assembly of that city, charged with accepting a bribe from an agent of the suburban street railway company to pass a bill giving an extensive franchise to that corporation, began here today in the Bates county circuit court.

Kratz was arrested in St. Louis some three years ago and after his release on bond went to Mexico and his extradition come only after a special treaty had ben arranged with that government through the personal interest taken in the case by President Roosevent. Kratz was then arraigned for trial in St. Louis, but secured a change of venue to Butler.

$150,000 Fire at Tyler, Tex.

Dallas, Tex., Feb. 21.—A special from Tyler, Tex., says that a disastrous fire raged there at an early hour Sunday morning. Seven business houses were consumed, entailing a loss estimated at $150,000. The insurance totals $85,000.

CAPTURED COUNTERBAND COAL.

Japanese Stop British Steamer Bound For Port of Vladivostok.

Tokio, Feb. 20.—3:30 p. m.—The capture is announced by the navy department of the British steamer Powderham, bound for Vladivostok with a cargo of Cardiff coal. Where the capture was made is not stated.

The Powderham is a steel screw steamer 3,019 tons register. She was built in Middlesboro in 1892, and is owned by the Pawderham Steamship company, of Plymouth, England.

Russians Building Light Railroads.

Tokio, Feb. 21.—It is reported that the Russians have constructed two light railways, one connecting Fushan and Yenting and another connecting with other activities, and the heavy concentration of troops indicates a plan to turn General Kuroki's right.

General Kuropatkin is continuing his operations of increasing his entire defenses, and gives indication of a resolute intention of retaining his position when the expected great battle occurs. The Tokio newspapers print the statement that 126 Japanese who were captured at Heikoutai were roped together and paraded through the street of Mukden. This information comes from Chinese sources, and it is impossible to obtain verification here. It is said that there will be an official inquiry into the matter and that the Japanese government will make a protest if the report is found to be true.

Third Pacific Squadron Sails.

Copenhagen, Feb. 21.—The Third Pacific squadron passed the southern end of Langeland island this morning.

The squadron which consisted of four iron clads and four transports proceeded northward and passed the northern point of Langeland, escorted by a Danish torpedo boat and a German iron clad. The latter after traversing the Langeland belt returned southwards.

Russians Wasting Ammunition.

Tokio, Feb. 21.—The headquarters of the Japanese army in Manchuria report that the Russians moved a division from the front to the left and advanced from Ta mountain. Several columns moved 15 miles westward, halting at Hangchiataitzu which is 2 miles northwest of Wanchiyuantzu.

The Russians continued to shell portions of the Japanese lines Saturday and the Japanese frequently failed to respond to the bombardment, which was often entirely ineffective and is described as being largely a waste of ammunition.

ATLANTA HAS ANOTHER FREEZE.

Ice and Sleet for the Fourth Time This Winter Covers Gate City.

Atlanta, Feb. 21.—Another Sunday freeze, the fourth one in as many weeks, fell upon Atlanta Sunday.

While the storm was not as bad as the three previous ones, it covered trees and houses and the streets with ice and made walking dangerous.

Some of the trolley cars were interfered with, as was the telegraph and telephone companies.

The official observations show that the temperature has varied very little within the last 24 hours, and since 5 o'clock Sunday afternoon there has been a variation of only 2 degrees, ranging from 31 to 33.

The drop to 31 occurred shortly before 8 o'clock Sunday evening, at which time a misty rain was falling, which froze as it struck the trees and trolley wires to an extent that suggested a repetition of the scenes of a few days ago. At that time, however, the mercury was standing around 25 degrees, and this difference, together with the warm rain of Monday morning has so far prevented a return of the memorable experiences of ten days ago.

Fatal Boiler Explosion.

Wheeling, W. Va., Feb. 21.—A report of an explosion in Providence near St. Clairsville, O., states that several people were killed and many hurt. A 25-horse power boiler exploded, wrecking the boiler and engine house. Twelve persons were injured. Two have since died and three are said to have been fatally hurt.

HOLD YOUR COTTON; THE FIGHT IS WON

Declares President Jordan of Cotton Growers Association

VICTORY IS NOW CERTAIN

Exporters Are Short and Need the Spot Cotton and Will Pay for It at Advanced Prices—Reduce Acreage 25 Per Cent, and Stand Pat.

Atlanta, Feb. 21.—President Harvie Jordan, of the Southern Cotton Association, has issued the following letter to the cotton planters of the south:

"The delegates to the state and territorial conventions on the 21st should pass ringing resolutions endorsing the policy of the Southern Cotton association to secure a reduction of at least 25 per cent in the cotton acreage and use of commercial fertilizers to be used under cotton for 1905; also calling upon every spot holder of cotton to tighten his grip and refuse to market a single bale until the price advances to fair and legitimate figures. The New Orleans convention adopted a resolution, which was unanimous, calling upon the people to hold their spot cotton until prices reached 10 cents per pound delivered at the ports, which would make the price about 9.50 in the interior. The only way to break the present advancing market is to throw spot cotton on the market and enable the buyers to fill their contracts.

Exporters Are Short.

"Recent investigations at all prominent cotton centers show beyond all doubt that exporters are heavily short of spot cotton to fill their contracts with. They will be utterly unable to carry out these contracts at present prices if the holders will stand pat and refuse to sell. The crisis in the situation is rapidly crystalizing, and but one of two things must happen in the near future. Either the farmers and other holders of cotton must relieve the predicament the buyers are in by selling at present prices, be forced to go actively into the spot market and bid prices up to a point where the spot holders are willing to sell. The fight is now whipped and all the farmers have to do is to continue to hold their cotton and force the buyers to pay what the cotton is worth. The exporters are heavily short for all the future months; therefore, when sales are made, sell only a small portion of your hondings and keep the buyers strained up to fill their contracts. The price of cotton can be advanced 2 cents per pound within the next 60 days if cotton is held firmly as at present. Let there be no wavering anywhere in the ranks.

Reduction of Acreage.

"From many sections inquiries are coming in asking if a farmer who planted only ten acres of cotton to the plow in 1904 should reduce his acreage 25 per cent also. The general cut of at least 25 per cent should be made on every farm, no matter what acreage. Extensive cotton fields should be cut 33 per cent. It is better to work eight acres in cotton at a profit than to cultivate 10 acres at a loss. The man who does not reduce his acreage will be making a profit on the cotton he raises at the expense of his neighbors who do reduce. Let every man put his shoulder to the wheel. Let the reduction be prorated according to the acreage planted in 1904, on a basis of at least 25 per cent less, and no man will have cause to regret his action next fall.

"Reduce the use of guano at least 25 per cent and in no instance increase its use under cotton. We must decrease production this year, and this is the only way to do it. Plant more food supply crops.

"The movement to retire the surplus of 2,000,000 bales from the market until next fall will soon be started, and will be successful. With the surplus out of the way, and the reduction of acreage and use of guano an accomplished fact, the balance of the crop left in the hands of the holders will be needed for immediate consump tion and can be sold easily at much higher prices than those at present prevailing.

"The state conventions on the 21st should also pass resolutions calling upon landlords to divide up their rent notes, taking part rent in cotton and part in corn, peas, etc. Also call upon the warehousemen, merchants and bankers to aid in bringing about a reduction in the acreage.

"Continue to perfect county and subcivil division organizations and by active co-operation and unity of action along business lines the Southern Cotton association will soon be able to emancipate the south from foreign domination and bring back to our people genuine prosperity through the protection of the great money crop of the world. Harvie Jordan,

"Pres. Southern Cotton Assn."

NEWS FROM ST. PETERSBURG.

Russian Employers and Workmen to Hold a Big Conference.

St. Petersburg, Feb. 21.—Senor Shidloviski, president of the committee appointed by Emperor Nicholas, to ascertain the causes of discontent among the working classes of St. Petersburg in a note issued today invites the employers and workmen to elect representatives to sit on the committee. Factory owners and contractors employing not less than a hundred persons are entitled to elect 15 representatives of the different industries while the workmen of the various establishments can choose electors who will elect delegates to serve on the commission. Each establishment employing 100 to 500 persons is entitled to one elector and those employing 500 to 1,000 persons, two electors. Concerns employing over a thousand persons are entitled to an elector for each 500. Employes, both men and women are entitled to vote but delegates must be men who have worked at least a year in their respective factories and must be freely elected by the workers themselves without interference on the part of employers. The note issued by Senator Shidlivesski guarantees personal safety of the delegates.

Father Gapon In France.

New York, Feb. 21.—It is reported cables the Herald's Paris correspondent, that Father Gopon, leader of the workmen in the recent St. Petersburg disturbances, arrived at Marseilles on his way to Rome, in company with several students. The Russian police agents are making inquiries in Italy as to his residence in that country.

Moscow Student Kills American.

Moscow, Via Vienna, Feb. 21.—An American named MacLeanland, a popular professor and English lecturer at the Commercial academy at Moscow, was shot dead by an academy student named Sisnow for political reasons. Sisnow immediately committed suicide.

DIES IN ELECTRIC CHAIR.

Italians Who Killed Old Woman Pays Death Penalty.

Ossinning, N. Y., Feb. 21.—Frank Rimiero and Adolph Koenig were put to death in the electric chair in Sing Sing prison today. Both executions were carried out without incident. Two shocks were given in each case.

Rimiero murdered Maceo Pintao, a rival junk dealer in Brooklyn as the result of a quarrel over the ownership of a quantity of old bottles.

Koenig strangled Mrs. Mary Kauffman to death in a West Fortieth street house last May and then attempted to end his life by driving a knife into his abdomen, but recovered after several weeks.

$25,000 For Attempt to Kiss.

Kansas City, Feb. 21.—Suit for $25,000 damages has been instituted by Mrs. Martha Z. Cunningham against the Minnesota Mutual Life insurance company, of St. Paul, and John O. O'Shaughnessy, field manager and vice president of the company, who had offices in this city. Mrs. Cunningham alleges in her petition that when she was cashier of the local office O'Shaughnessy attempted to hug and kiss her. Her constant refusal, she says, caused him to threaten her with discharge and finally he did discharge her.

ONE KILLED AND FORTY ARE INJURED

Fast Train On the Erie Railroad Jumps the Track.

TRACK TORN UP FOR 1,000 FEET

The Exact Cause of the Accident Is Not Known—The Train Was Heavily Loaded—Work of Rescuing the Injured Was Quickly Begun.

Paterson, N. J., Feb. 21.—An eastbound train known as the Middletown Flyer, on the Erie railroad, jumped the track today between Fairlawn and Warren Point on the Bergen county branch, 3 miles east of here. One girl was killed and it is believed between 40 and 50 persons were injured, some seriously.

The dead:

Miss Grace Matthews, of Middletown, N. Y.

An unidentified woman is suffering from a fractured skull and will die. The entire train of five cars was ditched but the locomotive remained on the track. A special train with physicians and nurses was hurried to the scene of the accident, and the victims will be taken to Jersey City.

The exact cause of the accident is unknown, but is believed it was caused by the breaking of a flange on one of the cars.

The first of the injured to reach Paterson, was a man named Montgomery, of Suffern. He was only slightly hurt. He said:

"We were running at a high rate of speed when the accident happened. The whole train except the engine went off the rails onto the ties and then toppled down an embankment. The first car turned completely over and lay bottom up at the bottom of the ditch, while the three other cars turned over on their side. The train was well loaded and a large number of persons were injured and one girl was killed. The work of rescuing the injured was begun quickly by those who escaped unharmed and persons living in the vicinity. As soon as a telephone office could be reached messages were sent asking for assistance. When I left the scene of the wreck almost all of the injured seemed to be able to walk."

About a thousand feet of track were torn up.

Six Killed In Iowa Wreck.

Des Moines, Iowa, Feb. 21.—Six persons were killed in a wreck on the Rock Island railway a mile and a half west of Wiota, Iowa, at noon today.

BIG FIRE AT INDIANAPOLIS.

Loss May Reach Million and Half Dollars—One Fireman Hurt.

Indianapolis, Ind., Feb. 21.—For four hours Sunday night the wholesale district bounded by Georgia and Meridian streets, Jackson place and the union depot sheds, was menaced by a fire which started in the wholesale warerooms of the Fahnley & McCrea Millinery company. At 9:30 o'clock three general alarms brought into action every department in the city and suburbs. When the fire was brought under control eight buildings, among which were three hotels, had been completely destroyed, causing a loss estimated at $1,500,000. One fireman was hurt by falling walls.

In the A. Kiefer Drug company's warerooms were many barrels of oils and explosives were stored, and in the Delmeisch company's wholesale house, where a season's stock of fireworks were located, several serious explosions occurred.

Congressman Otis Dead.

New York, Feb. 21.—Congressman Norton P. Otis, of the nineteenth district died early today at his home in Yonkers, aged 65 years. Mr. Otis was born in Halifax, Vt., and traced his ancestray to the John Otis, who came from Hingham, Eng., to Massachusetts in 1635. His father invented the elevator and surrounded the company which bears his name.

OPENING DAY OF CIRCUIT COURT

Day Devoted to Selecting Jury and Formally Organizing.

THE TERM MAY BE BRIEF

While Docket Shows a Great Many Cases, it is Believed That They Will Be Handled Quickly—Holloway Case Will be Called Next Week.

The spring term of the Circuit Court of the Eighth Judicial Circuit of Florida began Tuesday morning.

The court convened at 10 o'clock Tuesday morning, His Honor Judge Wills presiding. The day was spent in organizing.

Sheriff Fennell returned the venire of the jury, stating that same had been duly executed by the sheriff.

The juries were finally empanelled as follows:

Grand Jury—Henry Clay Parker, foreman; J. M. Tolbert, T. W. Colson, J. A. Phifer, S. D. Mikel, W. S. McDonald, C. W Bauknight, J. L. Grimes, W. H. Tison, H. Jackson, A. H. Priest, R. W. Vaughn, G. W. Davis, J. T. Price, W. B. Riviere, John W. Sherrouse, H. H. Arnold, D. M. Phifer.

Petit Jury—W. W. Avera, A. M. Pournell, C. M. McKinney, J. H. Avera, T. Denby, Jonathan Manning, W. E. Brown, John Crawford, G. W. Miller, G. W. Hyde, H. J. Rites, E. Baird.

After the regular formalities in the opening of the court, an adjournment was taken until 9 o'clock this morning.

While there are quite a number of cases on the docket, civil and criminal, it is believed that these trials will not be lengthy and that the term will be a short one. One of the most important cases on the docket is that of the State vs. William M. Holloway, charged with interpolation by W. N. Sheats, which was continued from the last term. This case will not be called until next week.

BASEBALL TODAY.

East Florida Seminary and University of Florida Teams Will Cross Bats.

The University of Florida baseball team will arrive this morning on the Gainesville and Gulf, twelve strong. They are said to have a very strong team and will give the Seminary boys a hard game.

Post Fine, one of Tampa's star twirlers, will pitch for the University boys. Kennedy says he has two pitchers that are equally as good. The Gainesville people can judge for themselves after the game.

This will be the first college game in the State this year and the result of this game is being watched by other colleges. Kennedy is confident of winning. He says the team is in very good shape.

The Seminary team will line up as follows: Thomas, c; Harmon, p; Carpenter, 1 b; Gasque, 2 b; Taylor, 3 b; Graham, s s; Jacobie, l f; Boulware, r f; Coombs, c f.

The game will be called at 3 o'clock sharp and the admission will be 25 cents. In case of rain, the game will be played tomorrow if the Lake City boys can stay over.

Rev. Sherouse Has Gone.

Rev. Joe Sherouse, the Advent Christian minister who has held the charge of the Gainesville church for the past five months, has returned to Jacksonville, where he will assume another and larger charge. Mr. Sherouse is one of the most earnest, most impressive and most eloquent divines in the State, and it was with regret that his congregation here gave him up. As was noted in The Sun of Tuesday morning, he delivered his farewell sermon at the Christian Advent Church Sunday evening, preaching to a good crowd. The successor of Mr. Sherouse has not yet been named.

Justice Colman's Court.

Justice Colman held a little matinee Tuesday, in which Dan Williams and Henry Givens played the principal roles, with the dignified Justice as referee.

Dan was arraigned charged with embezzlement, and after hearing the testimony he was adjudged guilty, and as a gentle suggestion that he should not do such a thing again Judge Colman sent him to the turpentine camp for three months.

Givens was charged with larceny, but the evidence was not of the kind to convince the Justice that he was guilty.

NEWS OF CITY AND COUNTY CONDENSED

A. G. Lamb of Micanopy is in the city.

Prof. John W. Wideman and son, Jerome, of Tallahassee, are in the city.

Special Agent J. F. Domingas of the Atlantic Coast Line has returned from his former home in Dothan, Ala., where he went several days ago on account of illness. Friends will be pleased to learn that he is very much improved.

Captain H. C. Parker, merchant of LaCrosse and Hague, and one of the most widely known citizens of his section, is in the city, having been summoned here as a juror. Captain Parker states that trade in his section is remarkably good, considering the season.

Mrs. George R. Stuart and three children, accompanied by the former's father, Rev. David Sullius, departed Monday for Tampa, where they propose to remain a few days, proceeding to St. Petersburg. This party has been here in attendance at the Bible Conference, during which time they were guests at the Brown House. They were well pleased with Gainesville.

After a visit to his son, Dr. J. S. Bodiford, in this city, J. H. Bodiford departed yesterday for his home in Colquitt, Ga. He enjoyed his visit here very much, and made many friends who regretted his departure. Notwithstanding his advanced age, Mr. Bodiford declares that he is yet "in the bloom of his youth," being as active as the average man of many years his junior.

A. C. Fancher, the popular druggist who has for the past six months been in the employ of J. S. Bodiford & Co., this city, has decided to go further south, and has accepted a position with the Thomas Pharmacy of Bradentown, one of the largest and handsomest drug stores in South Florida. Mr. Fancher has made many friends during his stay here. He is very popular among the young people, and his employers will release him reluctantly.

GAINESVILLE PUBLIC SCHOOL.

Several New Pupils Recently Enrolled—Good Work Accomplished.

Notwithstanding that the term is well advanced, the Gainesville Graded and High School continues to enroll new pupils and the enrollment is increasing almost daily.

There has been a number of enrollments within the past few days, among whom were Eddie and Ethel Butler of Waldo, Miss Lois Mikell of Yular, Frank Walker of Bell, Sam Ward of Brooker. The latter is a brother of Bloxham Ward, now attending West Point Military Academy, and who will graduate in June of the present year.

The enrollment for the week ending Friday was 400, with an average attendance of 90 per cent. This is indeed a compliment to Principal Kellum and his able corps of assistants, and which is duly appreciated.

Span of Mules Strayed.

Strayed from my premises on Sunday night, a span of red mare mules. They lately came from Jefferson county and are probably on their way back. A reward will be paid for their return to me. REV. T. B. BROOKS, Ocala, Fla. d1t w2t

Pen Picture of Bunyan.

In the life of John Bunyan by W. Hale White the author of "Pilgrim's Progress" is described as follows: "He appeared in countenance to be a stern and rough temper, but in conversation mild and affable, not given to loquacity or much discourse in company unless some urgent occasion required it. He never boasted of himself or his parts. He abhorred lying and swearing, being just in all that lay in his power to his word, not seeming to revenge injuries, loving to reconcile differences and make friendship with all. He had a sharp, quick eye, accompanied with an excellent discerning of persons, being of good judgment and quick wit. As for his person, he was tall of stature, strong boned, though not corpulent, somewhat of a ruddy face, with sparkling eyes, wearing his hair on his upper lip after the old British fashion, his hair reddish, but in his latter days time had sprinkled it with gray. His nose was well set, but not declining or bending, and his mouth moderately large; his forehead something high and his habit always plain and modest."

The Art of Drawn Work.

Perfilado, or drawn needlework, occupies the same place in Mexico as lace does in Brussels. The city of Matamoros is the center of its production, and large quantities of this beautiful work are exported to the United States. Women and girls are employed in the manufacture, and some of it is very expensive, for a year may be required to make a single piece. The linen or silk is placed in a frame, the threads are drawn out one way, and with a needle and the finest spool thread the design is worked. Perfilado is taught in the public schools. Among the articles made are handkerchiefs, tablecloths, bedspreads and covers for chairs or lounges. The work is hard and difficult, and the earnings are on an average less than a shilling a day.

Onions as Weather Prophets.

One of the rites performed by the French peasants on New Year's eve is the forecasting of the weather for the coming year by means of onions.

When the bells ring for midnight mass they scoop out the middles of twelve onions, set them in a row on the kitchen table, fill them with salt and name them for the months of the year. Then when they return from mass they examine the condition of the salt. If it has melted in any of the "months," those months will be rainy; if the salt remains dry, it indicates drought; if half melted, the first fortnight of the month will be wet.

The peasants have such implicit faith in this means of foretelling the weather that they plant their crops in accordance with the prophecy of the onions.

The Fifteenth Century Gambler.

In the time of King Henry IV. of England the "smart set" managed to play bridge or its equivalent without shocking the susceptibilities of those who think it wrong to play for money. The fifteenth century gambler, according to one historian, "played at cards for counters, nails and points in every house more for pastime than for gain." "Everie scholar or petyte (little one) that plaies for money is to be expelled," ordains a grammar school charter of the period. One of the duties of hospital sisters was "to make dilygentt searche amonge the poore for cards or dice."

Insulted His Legs.

Apropos of knee breeches a correspondent of the London Express quotes an anecdote from Captain Gronow's "Recollections" which puts the whole case in a nutshell. The baillie de ferrette was always dressed in knee breeches, with a cocked hat and a court sword, the slender proportions of which greatly resembled those of his legs. "Do tell me, my dear baillie," said Montroud one day, "have you got three legs or three swords?" Soon after which, we should imagine, the baillie went home.

Women's Headaches

542 1-2 Congress Street.
PORTLAND, MAINE, Oct. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pain would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Mrs. Wilhelmina Snow
Treasurer, Portland Economic League.

Headaches are the danger signals of coming disease. Both men and women suffer headaches, but periodical headache falls only to the lot of women and is the unerring sign of irregular menstruation and bearing down pains. Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain Mrs. Snow was made a strong and healthy woman again. Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, try Wine of Cardui, and try it now. Remember that headaches mean female weakness. Secure a bottle of Wine of Cardui today.

All druggists sell $1.00 bottles of Wine of Cardui.

A young man by the name of T. McDonald, aged about 18 or 19 years, was killed Saturday afternoon on the hard road near Silver Springs. He was driving to his home near Connor and his horse became frightened at an automobile, ran away and threw the young man out of the vehicle against a tree. He was brought to Ocala in the automobile, placed in the hospital

and several physicians summoned, but he lived only a very short while.

Capt. J. C. Richard of Starke died at his home on Monday, Feb. 20. He was one of Bradford county's old landmarks. He was one of the most prominent and influential men in the State, and has done many kind deeds for individuals and the good of the town and county. His death will be felt by the entire county. He leaves a large family and a host of friends.

A DELIGHTFUL AFFAIR.

Valentine Party at Home of Mr. and Mrs. Smith, Central.

Central, Feb. 21.—On last Tuesday evening there was given a most delightful Valentine party at the home of Mr. and Mrs. C. M. Smith.

The people gathered at an early hour, and after some delightful music had been rendered, the hostess, Miss Hassie Smith, assisted by Miss Florence Anderson, gave to each person a card on which was to be written a description of some one in the room. These were then distributed among the guests, after which the descriptions were read. This added no little enjoyment to the evening, as some of the descriptions were quite amusing.

After a few hours spent in interesting games the guests repaired to the dining room, where refreshments were served.

The remainder of the evening was given to music and the distributing of Valentines.

At a late hour the people departed, carrying with them the memory of a pleasant St. Valentine.

LUMBER WAS SOLD.

Three Carloads Disposed of by Sheriff to Satisfy Creditors.

Sheriff L. W. Fennell has returned from Archer, where on Monday he disposed of at sheriff's sale three carloads of lumber, attached by Hodgson & Wood and others vs. J. M. Shipman, manufacturer of lumber, to satisfy certain claims.

The lumber was disposed of under the regular rules and regulations of a sheriff's sale, and was purchased by the Eddins Manufacturing Company of this city and Craig & Co. of Jacksonville. The prices realized for the lot was $350.75.

The defendant has owned and operated a fine mill near Archer for the past two years, and his alleged ability to meet his bills caused no little surprise by those who were familiar with the capacity of the plant and the product shipped by the manufacturer.

Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doeses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vliet, New Castle, Colo., writes, March 19th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and $1. Sold by W. M. Johnson.

Funeral of Roy Emerson.

The funeral of Roy Emerson, the young man who met his death by drowning near his home on Levy Lake Saturday, was held from the Baptist church at Micanopy at 10 o'clock Monday morning, Rev. S. B. Rogers of this city, assisted by Rev. Mr. Holzhouser of the Micanopy Baptist Church, officiating.

The service was largely atttended, which was an evidence of the high esteem in which the deceased was held.

The interment was in Micanopy cemetery, and a large number of friends accompanied the remains to their last resting-place.

Mr. and Mrs. A. H. Emerson, parents of the young man, have the sympathy of all who know them.

Special Prayer Service.

The last Thursday of February is the day appointed by the General Assembly of the Presbyterian Church for the annual concert of special prayer for the boys and young men in all colleges. The object of prayer is for the conversion of these young men, and that God would call many of them to preach the gospel. Jesus commands His people to pray for more laborers for the great harvest, and the prayer meeting at the Presbyterian church this evening will be made a special prayer service.

A full congregation is desired, and it is hoped that everyone will bring an earnest prayer for this vital blessing.

THE REAL TEST

Of Herpicide Is in Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Short Lived Bachelors.

"Do bachelors die young? Do they die earlier than married men?" asked a single man. "It would seem so. I was just reading a report which seems to argue strongly in favor of the matrimonial idea. The report shows that the mortality among bachelors from the age of thirty to forty-five years is said to be 27 per cent, while among married men of the same age it is 18 per cent. For forty-one bachelors who attain the age of forty years there are seventy-eight married men who attain the same age. The difference is still more striking in persons of advanced age. At sixty years of age there remain but twenty-two bachelors for forty-eight married men, at seventy years eleven bachelors for twenty-seven married men and at eighty years three bachelors for nine married men. These figures seem to indicate that the best thing for a man to do is to get him a wife and shake wearing cares of bachelorhood. We all want to live as long as possible and live happily if we can. Some bachelors are reasonably happy. But all of them are not. Get married. That's the proper caper."—New Orleans Times-Democrat.

TOO MUCH HEALTH

A famous physician upon being asked recently what is the chief cause of ill-health, replied: "Thinking and talking about it all the time." This ceaseless inside observation of one's self, in which so many of the rising generation of nervous people indulge, does more to wear them out than anything else.

The constant fidgeting over "what to eat" and what not to eat for breakfast, is making the rising generation one of the most sickly and nervous that a person ever imagined would be thrown on the world. The idea of children of eight or ten years of age complaining about being nervous, when at that age they should not know that they had a nerve about their anatomy.

Let the little ones retire at night in good season, have a good night's rest, get up in the morning and eat a good breakfast—grits and gravy, if they desire, and they will not be afflicted with the chronic complaints that those of three-score and ten years of age were seldom troubled in the long ago, when wholesome food was eaten, hunger was satisfied and martyrs to the sick headache were only known among those who were too naturally weary to exercise sufficient to enjoy good health if they had it.

KANSAS OIL.

Bleeding Kansas is now trying to put up a fight against the Standard Oil Company. In a battle with those magnates Kansas will cut but a small figure. There never has been a successful opposition against this mighty organization. President Roosevelt may order an investigation by the bureau of corporations, but the Standard Oil Company now knows exactly what it will amount to as well as it will at the conclusion of a long investigation.

But whether Kansas profits directly or not, the investigation promises to be well worth the effort. The incident is valuable as illustrating the trend of sentiment and showing how corporate greed and disregard for the rights of the public are forcing the nation to adopt policies for its own protection that would under fair treatment never be advocated, and which promise in time to encompass the downfall of those who now conduct their affairs with a high hand, unless there comes a marked change in their attitude in the meantime.

OUR BEEF.

The death blow which the United States supreme court was said to have dealt the beef trust about three weeks ago has not had the effect to make its influence felt to any great extent among those who have had to face the bills of the meat dealers since. There is no apparent relaxation on the part of the trust and the people are left to work out their own salvation the same as though the matter had never been taken into the court.

The people of Florida, however, do not have to submit to the demands of the trust, for each year the advance in beef production in this State makes the people more independent, and if the beef from outside was entirely cut out we would soon be able to produce a sufficient quantity for home consumption, regardless of any outside assistance for its production.

The biennial report of the superintendent and board of trustees of the Florida School for the Blind, Deaf and Dumb, for the fiscal term, has been received, and it is most satisfactory regarding that well conducted institution. It is nicely located at St. Augustine, and all who visit that city should not fail to call and see the work being done for these wards of the State.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

James O. Davidson, lieutenant-governor of Wisconsin, who succeeds to the governorship by the election of Governor LaFollette to the Senate, came to this country from Norway when 18 years of age. He has worked his own way to the front by his steadfast purpose, and his name on the Republican ticket did much to pull LaFollette through. He was State treasurer before being elected lieutenant-governor, and arose from a penniless boy to his high position. Mrs. Davidson and youngest daughter, Grace, spent the winter of 1902-3 in Gainesville, and they have many friends who extend congratulations.

CHRISTIAN WORKERS' OPENING PROGRAM

First Lecture Delivered by Miss Cartwright Tuesday.

THE TALK WAS A FINE ONE

Tabernacle Was Well Filled, and Those Who Attended Were Very Much Enlightened on Many Religious Subjects—Services This Week.

The first day's session of the great Christian Workers' Institute, which followed the session of the Bible Conference at the Tabernacle, was one full of interest, and was well attended, despite the inclement weather. While the services of the Institute will not be so frequent as those of the Bible Conference, they are destined to become most popular, as the class of Bible workers will be the best that can be procured in the United States, which means that the lectures will be full of instruction and interest.

The first lecture of the Christian Workers' Institute was delivered at the Tabernacle Tuesday afternoon at 3 o'clock, and was largely attended. Upon this occasion Miss Cartwright, an earnest Christian worker and Bible student of Tennessee, delivered the address, and for an hour her remarks commanded the closest attention. Miss Cartwright is possessed of a strong, eloquent voice, which can be distinctly heard from all parts of the big tabernacle, and those present Tuesday express themselves as being enlightened by her remarks.

As was announced from the Tabernacle rostrum by Dr. Strouse Sunday evening, services during the present week will be held only once daily, at 3 o'clock in the afternoon, which will give all an opportunity to attend. The public is cordially invited to all services.

A Silver Tea.

The Earnest Workers' Society of the First Presbyterian Church will give a silver tea at the home of Mrs. H. A. Ford, East Church street, from 4 to 6 o'clock this afternoon, to which the public, especially strangers, are cordially invited. The afternoon will be passed off in an appropriate manner, the program being interspersed with vocal and instrumental music.

Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without it's upsetting the liver and polluting the blood. Such a condition may be best and quickest obtained by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. N. A. Callison of Spring Park Farm Determined to Lead the State.

Judging from the large number of registered stock purchased within the past few months by N. A. Callison, manager of Spring Park Farm at Bennington, it would seem certain that Mr. Callison intends to lead the State in the matter of registered stock. It will be remembered that several weeks ago he received from Texas a carload of registered Hereford cattle and Berkshire hogs, which were imported at a tremendous cost. A short time after a consignment was received from the famous Biltmore estate, North Carolina, and now Mr. Callison has just received another carload of fine registered sows from the same estate, two of which were imported direct. The stock is the finest ever seen in this section, ranging from 400 to 500 pounds in weight.

Mr. Callison has just received eight fine mules, which were purchased from parties in Savannah, and with all stock on hand Spring Park Farm is certainly well equipped.

Mrs. Cellon Laid to Rest.

The funeral of Mrs. Missanire Cellon, the sad death of whom occurred at the home of her son, North Garden street, Sunday afternoon, was held at Antioch cemetery, near Hague, Monday afternoon, Rev. T. J. Nixon of Kavanaugh Methodist Church, this city, officiating.

Deceased was about eighty-nine years of age at the time of her death. She was born in Thomasville, Ga., and married John A. Cellon. As early as 1840 she moved to Florida, settling near Hague, where several children were born to her. In 1883 her husband died, and was interred at Antioch.

Deceased is survived by four sons, James, Frank E., Francis M. and George Cellon, and one daughter, Mrs. George Chesser of LaCrosse, to whom the sympathy of friends is extended.

MEMORIAL SERVICES IN CHICAGO

Held in Honor of the Death of Grand Duke Sergius of Russia.

Chicago, Feb. 21—Elaborate memorial services in honor of the Grand Duke Sergius has been celebrated in the Russian orthodox church, North Leavitt street and Haddon avenue.

Baron Schlippenbach, the Russian consul, and vice consul, Prince Engalitcheff, were present. The services were conducted in the Slavic language. In a short sermon in Russian the Rev. John A. Kochroff urged the worshippers to pray for the soul of Sergius who, he said, was slain by an anarchist. He blamed the American people for showing sympathy with the Russian revolutionists of whose class, he declared, was the murderer of President McKinley.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women." Sold under guarantee by all druggists at 50c a bottle.

SAVED CITY FROM BIG FIRE.

Indian Students of Near Santa Fe, N. M., Come to the Rescue.

Chicago, Feb. 21.—A dispatch from Santa Fe, N. W., says:

Students from the Indian school 4 miles out have saved Santa Fe from destruction by fire.

Flames broke out in the finest business block in the place, spread to other stores and threatened the entire commercial district. The local firemen seemed unable to check the fire and called on the Indian school for assistance. The boys responded quickly, dragging a hose cart through the mud for 4 miles and arriving at a critical time. The fire was brought under control after it had caused a loss of $75,000. Two firemen were hurt by falling walls.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me permanently. Since then I have used the liniment on two separate occasions for ringworm and it cured completely. 25c, 50c and $1 bottle. Sold by W. M. Johnson.

NATIONAL BISCUIT COMPANY

Came Near Lynching Negro.

New York, Feb. 21.—President Roosevelt's home town, Oyster Bay, within 20 miles of the outskirts of Greater New York, came near being the scene of a negro lynching early Sunday morning. Only the calmer heads of some of the leading citizens, who counseled deliberation, saved "Diamond Dick" Johnson, a familiar character, who had murderously assaulted Dr. Louis Keyser, from being strung up at the end of a rope. As it was the negro had to be hurried away from Oyster Bay and locked up in the county jail at Mineola before quiet and all danger was past.

WIFE'S LOVER KILLS HUSBAND.

Terrible Tragedy at Valdosta, Ga. Man and Woman Arrested.

Valdosta, Ga., Feb. 21.—A sensational homicide was committed in this city last night in which John E. Flood lost his life, it is said, at the hands of A. L. Frierson, his head and face being terribly crushed with an axe.

The row which terminated in Flood's death occurred at his home at an early hour this morning after the man charged with the killing had left the city. It appears to have been the culmination of a family trouble of long standing.

Frierson was arrested here about two months ago on a warrant from Manning, S. C., charging him with having eloped with Flood's wife, the woman and her little son being here with him at the time. Frierson was carried to South Carolina, the woman and boy going also. Later the husband and wife appear to have become reconciled and Frierson seems to have also re-established himself in Flood's good graces. All of the parties returned here about six weeks ago and Frierson was boarding with the Floods. It is said, however, that Flood warned Frierson yesterday to stay away from his home and that is supposed to have caused the killing.

After beating Flod with the ax, his slayer is said to have remained around the home until 4 o'clock this morning when he boarded in train for Savannah.

Mrs. Flood reported the affair to the officers and a coroner's jury was empaneled to investigate the affair. The jury returned a verdict charging Frierson with the killing and Mrs. Flood as accessory.

TWO YOUNG MEN DROWNED.

They Go Duck Hunting and Their Boat Struck a Snag.

Savannah, Ga., Feb. 21.—While out hunting in a bateau on the Savannah river, near Scotia, S. C., William B. Marin and Benjamin R. Bostick were drowned. The two young men left heir homes early Saturday morning for a day's hunting and were accompanied by two negroes.

It is not known exactly at what time the accident occurred, but the boat struck a snag and precipiated the four into the river.

Martin and Bostick disappeared at once and did not return to the surface, but the two negroes swam to a tree, which was growing in the river, and attracted the attention of several men working in the woods and were rescued.

Both of the young men were about 35 years of age, and lived near Scotia. They were among the most prominent men of that section.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. Bucklen & Co., Chicago, Ill., and Windsor, Canada. All druggists.

Cotton Company Holds Meeting.

New York, Feb. 21.—Stockholders in the United States Cotton Duck corporation and the Mount Vernon-Woodbury Cotton Duck company have held their annual meetings in Jersey City. According to the statements of the new companies submitted by the officials the income from all sources was $9,490,149, with net earnings of $516,085. The interest on the $7,000,000 first mortgage bonds outstanding amounts to $350,000, leaving a surplus of $165,085. Nearly all the old officers and directors were re-elected.

Will Ask Missouri's Aid.

Kansas City, Feb. 21.—The Missouri legislature may be asked to take up Kansas' fight against the Standard Oil company. Representative Leslie J. Lyons, of Kansas City, has, it is said, agreed to introduce into the house at Jefferson City the maximum freight bill rate, and the bill making oil pipe lines common carriers.

Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c at all drug stores. Try them.

SHOOTS DAUGHTER'S WOOER.

Kentucky Farmer Then Kills Himself In Family's Presence.

Mayfield, Ky., Feb. 21.—T. H. Cosby, a prominent farmer, shot Bynum Green Thursday night, after which he shot himself and died almost instantly.

Green, who is a widower, 48 years old, was in love with a daughter of Cosby. Cosby objected to his attentions to her and told his daughter he must not come to see her any more. Bynum had an engagement to call Thursday evening to hear her response to his request to marry her. When Green arrived Cosby went to the room where Green and his daughter were sitting and said: "You have ruined the happiness of my home," at the same time shooting Green in the face, after which, in a scuffle with his family, who tried to take the postol away from him, he shot himself behind the right ear.

Atlanta Man Commits Suicide.

Atlanta, Feb. 21.—Information was received in Atlanta last night of the death by suicide of R. P. Chambers, a well known young man who formerly resided in Atlanta, but who went to Jacksonville, Fla., about one month ago. The news of the suicide came to the parents of the young man, Mr. and Mrs. J. V. Chambers, who reside at 88 Hendricks avenue. Further than the fact that he had taken his own life, no information was given. Every endeavor was made last evening to ascertain the cause for the act, but none could be ascribed and details of the affair were lacking.

PANIC AT A BULL FIGHT.

Span's Noted Matador Is Seriously Injured by Texas Animal.

El Paso, Tex., Reb. 21.—Rafael Arana, known as Joarana Chico, has met with injuries in the bull ring that will retire him from life. He sustained a broken leg, his spine was fractured and his side injured. The fight was under the management of the Felix Robert, a French matador who himself dispatched two of the six bulls killed. It was the fifth bull that caused the excitement.

"Chico" went at the bull in the midst of cheers that fairly shook the amphitheater. He had been heralded as one of Spain's noted matadors. Scarcely had he made the death plunge at the bull when the infuriated animal "side-stepped" quickly charged and caught him on its horns. Rushing about the ring, bellowing and pawing with rage, the animal first tossed him to the right and then to the left, and finally crushed him against the walls. A panic ensued, only the gendarmeries avoiding a rush that might have injured many persons.

MRS. CHADWICK HAS $1,000,000.

Safely Planted in Places Only Known to Herself.

Cleveland, Feb. 21.—The Cleveland Leader says $1,000,000 is the amount believed to be securely hidden by Mrs. Cassie L. Chadwick.

Collector of Customs Leach has so minutely traced the operations of this woman during the last four years that he is in a position to know that she has saved from her many financial transactions $1,000,000 in cash. In addition to this sum the woman has just as safely placed $150,000 worth of jewels.

Her arrest nipped her plans right at a time when they were about to bloom. A delay of a few more days would certainly have placed Mrs. wick, her son Emil Chadwick, and her husband, Dr. Leroy S. Chadwick, in Brussels, and Mrs. Chadwick's fortune would then have been $2,000,000.

It was her desire to make just one more deal with $500,000 as the stake. The action of United States Attorney John J. Sullivan in causing her arrest when he did checkmate her.

CRISIS MAY COME AT ANY HOUR

Situation of Ohio River at Cincinnati Is Very Critical.

Cincinnati, Feb. 21.—The crisis in the river situation may come at any hour according to the government forecaster. However, he said today that the danger of great loss was less.

The government forcaster said that foggy, rainy, softening weather will prevail tonight and this wil have considerable effect on the ice. The break-up is not likely to be so serious as at first anticipated, since the ice is becoming mush."

The river continues falling here, and as long as there is no rise, the river men say the ice will not break.

In the harbor here the river has fallen half a foot Sunday morning, and a good many barges and other floating property had been forced out on the bank.

Mobile, Ala., Dec. 24, 1890.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking The Texas Wonder, Hall's Great Discovery, and being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder." Yours truly, W. B. Clark.
M. & O. R. R. Co., Mobile, Ala.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 829, St. Louis, Mo. Send for testimonials. Sold by all druggists.
